

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

The few remaining media conglomerates distort, misrepresent information and prevent anything but corporate PR and advertising from getting to the people. We are kept in the dark about what is going on in our nation and the world. This is control more effective than that in a totalitarian state. Please do not trash what democracy we have left by destroying the remaining rules which are meant to insure free flow of information and airing of all viewpoints.
